Bona REFINISH

Refinish for a total floor makeover

READY
IN 2-4
DAYS

Resurfacing is a complete restoration of your hardwood floor. All damage and discoloration is removed with a resand to bare timber and fresh finishes are applied. It's also the perfect chance to update the look of your floors. Try out different sealer or stain color options to find the perfect complement for your home decor.

- ✓ Opportunity for design update
- ✓ Dustless sanding and water-based finishes for healthier indoor air
- ✓ Repairs most gouges, damage, discoloration and fading
- ✓ Endless design possibilities

The **REFINISH** Process

1. Sanded to bare timber
2. Sealer or stain applied
3. Finish applied in selected durability and sheen
