

# The Non-toxic, Sustainable Choice

All Bona floor finishes are non-toxic water-based coatings. The main difference between toxic solvent based coatings and non-toxic water-based coatings is the amount of Volatile Organic Compounds (VOC's) that evaporate as the finish dries.

Bona's low VOC's means there is no need to vacate premises during application due to solvent fumes and no concern about the health effects of toxic chemicals.

## Who is Bona?

- The market leader in non-toxic timber floor finishes globally
- Bona products are available in over 90 countries
- The No1 choice for professional contractors
- Experts in floor coatings & cleaning products since 1919

Please read the additional information regarding Bona finishes including technical datasheets, safety information and slip resistance certificates at [bona.com.au](http://bona.com.au) before using this product.

## Next generation 1K finish with self crosslinking technology

Bona Mega EVO is a next generation 1K water-based finish for wood floors with a new state-of-the-art self crosslinking technology that activates when applied.

The unique, non-yellowing formula delivers faster curing with excellent resistance to scratches, wear, and chemicals.

With VOC levels below 3%, the finish contributes to healthier working conditions with a lower impact on indoor air quality. Suitable for heavy domestic and medium commercial use.

- One-component water-based acrylate/polyurethane
- Ready to apply - no mixing required
- Crosslinking technology activates when applied
- Excellent wear resistance
- Non-toxic, low odour
- Non-yellowing and unaffected by UV light
- No waste - pot life not applicable
- For use with Bona primers
- Max 3% VOC
- 8-10 m<sup>2</sup>/litre (100-120g/m<sup>2</sup>) per coat
- Drying time 1-2 hours between coats
- 3 sheen levels: Satin, Matt and Extra Matt
- Gloss Level (60°):

Silkmatt	40%
Matt	18%
Extra Matt	9%

- One-component water-based top coat
- Self crosslinking technology
- Great filling power
- Wear, scratch, chemical & scuff resistant
- Low emissions & non-toxic
- Clear coat - non yellowing

Bona's Mega EVO is **GREENGUARD GOLD** indoor air quality certified, the highest certification available for emissions which means it is safe for use around your GOLD home, your family and your pets.
