# Traffic for Every Use

Four Different Traffic Coatings
to Suit Every Application

# Bona Traffic Finishes are the Market Leader

Bona Traffic finishes are designed to last many years in high traffic commercial environments such as restaurants, museums, art galleries and retail outlets where durability is essential. In Australia, Bona Traffic finishes have been used to protect some of our most prestigious floors.

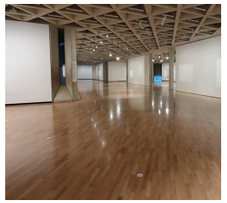

## State Library Victoria, Melb

The State Library of Victoria used **Bona Traffic** finishes to protect 8,800m² of flooring over a five year redevelopment project.

## National Gallery of Australia, ACT

**Bona Traffic HD** was used on over 2,000m² of floor space at the National Gallery, Australia's premier gallery in Canberra.

## Parliament House, ACT

Heritage floors at Old Parliament House were refinished with **Bona Traffic HD** to protect against the more than 350,000 visitors each year.

## The Professional's Choice

Bona is a family-owned, sustainability driven company that supplies products for installing, restoring and maintaining premium floors. Founded in 1919, Bona was the first in the industry to offer a full system of water-based wood floor finishing and floor care products.

## GREENGUARD Certification

Bona's finishes are GREENGUARD indoor air quality certified, which means they are safe for use around your home, your family and your pets. GREENGUARD certification strives to help reduce chemical exposure by connecting people to healthier products they can trust.

## Who is Bona?

- The market leader in timber floor finishes globally
- Bona products are available in over 90 countries

TrafficRange_Ed3_09/26

# Bona Traffic Range

## Extreme Wear Resistance for High Traffic Floors

# The Solution for High Traffic Areas

**The Bona Traffic range is amongst the world's toughest and fastest drying finishes. The Traffic range provides an unrivalled level of protection, performance and durability for timber flooring environments which are exposed to extreme wear.**

All Bona Traffic finishes are water-based 100% polyurethane with low VOC solvent content.
The Traffic Range consists of three different coatings, each tailored to a specific heavy duty usage.

- ✓ **Water-based**
- ✓ **100% polyurethane**
- ✓ **Extreme wear resistance**
- ✓ **Safer to use**
- ✓ **Low-odour, non-yellowing**
- ✓ **Fast drying**

## Bona Traffic GO

### Next Generation Heavy Wear Coating

Bona Traffic GO combines the simplicity of a one-component finish with the durability and superior performance of a two-component product. Traffic GO is designed for high traffic floors in both residential and commercial situations.

With Traffic GO, there is no need to calculate and mix an external hardener with the finish. So there is zero wastage and no worrying about pot life you now have a simpler, safer way to achieve high traffic commercial durability.

With rapid cure technology, Traffic GO reaches maximum hardness in as little as 3 days. In normal circumstances floors can be put back into full use just 24 hours after being completed.

- One-component water-based top coat with two-component performance
- 100% polyurethane
- Ready to apply - no mixing required
- Built-in hardener - activates when applied
- Excellent wear resistance
- Safer to use, low odour
- Non-yellowing and unaffected by UV light
- Isocyanate & PFAS free
- No waste - pot life not applicable
- For use with Bona primers
- Max 3% VOC
- Drying time 2-3 hours between coats
- 3 sheen levels: Satin, Matt and Extra Matt
- Gloss Level (60°):
  Satin 45%
  Matt 20%
  Extra Matt 10%

## Bona Traffic HD

### Extreme Wear Resistance & Minimal Downtime

Bona Traffic HD is designed to be used in commercial situations where the level of traffic and the use of the floor is at its most extreme.

Bona Traffic HD has all of the features and benefits of Bona Traffic, but has been specially formulated for added durability and wear resistance together with a much quicker curing time. Under reasonable conditions, commercial floors can be put back into full use 24 hours after being completed.

Bona Traffic HD is the perfect choice for floors where extreme levels of traffic are expected such as shops, halls, museums, galleries and other public places.

- Two-component water-based top coat
- 100% polyurethane
- Extreme wear resistance
- Safer to use, low odour
- Non-yellowing and unaffected by UV light
- Suitable for over-coating pre-finished floors
- For use with Bona primers
- TVOC 50 g/Lt (all sheens)
- 8-10 $m^2$/Lt coverage
- Drying time 2-3 hours between coats
- 2 sheen levels: Satin and Extra Matt
- Gloss Level (60°):
  Satin 45%
  Extra Matt 10%

## Bona Traffic HD Raw

### Ultra Matt Floors with Haptic Feel & Great Durability

Bona Traffic HD Raw brings a uniquely true wood experience into the world of finished floors, offering an ultra matt floor surface with a high level of protection.

Bona Traffic HD Raw creates a soft haptic feeling of untreated wood, delivering an astonishing tactile sensation that looks and feels like raw, natural timber - but with the protection of a finish. A pleasure to walk on with excellent slip safety, Bona Traffic HD Raw is great for homes with children and pets as well as commercial floor surfaces.

Bona Traffic HD Raw creates ultra matt floors with great durability - the raw experience of wood, protected.

- Two-component water-based top coat
- 100% polyurethane
- Ultra matt haptic feel
- Safer to use, low odour
- Non-yellowing and unaffected by UV light
- Extreme wear resistance
- Suitable for over-coating pre-finished floors
- P3 Slip-resistance AS 4586:2013
- TVOC 52 g/Lt
- 8-10 $m^2$/Lt coverage
- Drying time 2-4 hours between coats
- Available only in Ultra Matt
- Gloss Level (60°):
  Ultra Matt 4%
